

I am very upset to learn that Christian radio station K-LOVE could be lost to Cincinnati because of the proposed LPFM! This is by far the best Christian station I have ever listened to, and I would be very disappointed to see it go. I have children, teens and under, that listen to K-LOVE, also. It's the one station they can listen to where I don't have to worry about them hearing inappropriate lyrics and inappropriate conversation by DJs. It is a very positive and uplifting station, and that's so important when trying to raise children to be good, moral adults. This is a wonderful service provided to us. We, as Christians, have very limited choices as far as Christian radio is concerned. In our world today we need these positive attributes on our airways. Please consider our community's well being before displacing our beloved K-LOVE. Thank you for your time.
